THE 14TH ANNUAL GATHERING OF THE JUGGALOS

In the dead of night it begins to manifest like a soft whisper of madness fleeting across one's mind. Forming from the ethereal threads of the nethervoid, a black mist begins to take on twisted shapes of wood, steel, and bone in a vacant field. The still air is permeated with the sounds of splintering and popping wood, the unfurling of canvas, and the guttural sounds of oddities of a perverse nature coming to life. Soon, in the darkness, the shadowy forms of giant tents and bizarre amusement rides can be seen rising high into the night sky.

As the sounds of the abominable birth finally subside, there is left only a labored and arrhythmic heartbeat which slowly fades even as circus bulbs begin to glow with soft iridescent lights. They reveal a vision of a sinister festival where moments ago there was nothingness. Wicked music emanating from its grounds can be heard as it drifts upon the winds to distant cities, beckoning those to draw near with the hypnotic promise of corrupted delights. It is an event that will last in the hearts and minds of Juggalos the world over. It is the Dark Carnival's very own manifestation here on Earth, known as...The Gathering of the Juggalos!

This year The Gathering has dug even deeper beneath the surface of the mainstream culture bullshit produced by the corporate machines to unearth the dopest underground artists we could find. They are the ones who follow no formula for success other than their own, those who possess true artistic individuality, those who speak only the truth, those who give you raw unadulterated music without fear, and those whose creative expression have earned them mad respect amongst our Juggalo family. The artists this year are here because you demanded it! So come celebrate with us at this truly epic family reunion to pay homage to the best that the underground music scene has to offer as we witness and embrace the Rise of the Underground!

GENERAL INFORMATION

Welcome ninjas, one and all, to this year's spectacular Gathering of the Juggalos! It's been a long wait but the time has finally arrived! Prepare yourselves for one of the freshest shows on Earth! The following is a list of important info you should know. Keep in mind that every event inside the gathering is covered by your one time ticket cost. The only other expenses you should have are food, convenience store purchases, winning items at the Psychopathic Auction, crack whores, and to buy merchandise.

TICKET INFO

In order to enter through the gates of The Gathering you will need to be wearing your official 2013 Gathering of the Juggalos amulet and wristband. You will need to keep these bad boys on your person at all times while on the grounds. If you are seen without said items you will be immediately pulverized on sight by a neutralizer ray and your ashes blown to the four winds. If you have lost either of these items report to the ticket booth immediately.

CAMPING

You are free to set up your campsite anywhere on the grounds except those areas marked "no camping" on the map. This is on a first come first serve basis. The Gathering staff reserves the right to move any tent, car, camper, or campfire at any time to handle disputes or emergencies. There are also some key guidelines that ninjas will need to follow while getting their camping on...

- All tents and vehicles must be 15 feet from any other tent, vehicle, campfire or tree in all directions.
- Make sure to safely contain, maintain, and extinguish all campfires.
- All vehicles at a campsite must have the appropriate car pass hung on their rearview mirror.
- Please be respectful of your adjacent neighbors, especially when it comes to excessive noise at night.

VEHICLE INFO

You must have a car pass to park your car (or an RV pass to park your RV) at your campsite, otherwise you must park your car at the parking lot (marked on the map). All vehicle passes (Car, RV, or Big Baller) must be displayed at all times by hanging them from your rearview mirror. Once your vehicle is parked at your campsite you should not move it again until you are leaving to head home. This will be strongly enforced to ensure the safety of our fellow ninjas. Also keep in mind to keep your speed to a creep (5mph) whenever passing through the grounds.

TEAR DOWN

After the five days of flavor have passed it will be time to jet out, homie. Everyone will be expected to be cleared out of the Gathering grounds and the parking lot area on Monday (August 12th) at around noon. After which time the Bandalog Death Beast will surface to hungrily devour any would-be stragglers.

GOOD ADVICE

The following are some good tips to help you stay prepared for this year's GOTJ. Please read them carefully and be a good ninja.

- Bring plenty of food so you don't run out!
- Stay hydrated at all times by drinking plenty of water.
- Think about wearing a hat and light colored clothing to keep cool.
- Wear sunscreen (even on an overcast day) to avoid sunburn.
- If camping, make sure to bring adequate camping gear (tent, flashlight, sleeping bag, rain gear, bug spray, toilet paper, toiletries, towels, folding chairs etc.)
- Bring a cell phone or other communication device.
- Too much of anything is not always a good thing (avoid substance abuse).
- Don't steal... or there may be dire consequences.

RULES

The following is a list of simple rules to ensure that everyone has a good time at The Gathering. We ask that you be respectful of the grounds and all equipment on it. The ninjas of Hog Rock have accepted us into their home and we ask that you respect it as such. This is our family reunion and Hog Daddy is very much a part of that family and we ask everyone do their part to make sure no one is being a bitch ass.

- No underage or excessive drinking.
- Children must be supervised by adults.
- No vandalism or destruction of property.
- No cutting of trees, damaging plant life, or hurting wild animals.
- Obey the speed limit while on the grounds (5mph).
- No animals or Bronies.
- No weapons or dangerous objects (like pronged butt plugs).
- Please do not litter, especially at the camp sites.

INFO & PROMOTIONAL TENT

This tent located in the heart of the Gathering by the Spazmatic Hang out is staffed 24 hours a day with Psychopathic Records representatives to assist you with all your sordid and demented needs. They are here for one sole purpose and that is to help our Juggalo family with any problems or questions they might have during their stay at the GOTJ. Feel free to stop by day or night, even if it's just to kick it. The informational tent provides the follow services...

- Information and problem solving capabilities
- Lost and found
- Maps of the Gathering grounds and spare programs (while they last)
- Display of the main prizes you can win at the various Gathering contests
- A promotional area with cork board for pinups
- Suggestion cards

MERCHANDISE TENT

Come one, come all! Here you will find a bazaar featuring the most comprehensive display of HatchetGear merch ever assembled under one tent. It is indeed a colorful spectacle to behold and not one to be missed. Find the most sought after, offensive, rare, and brand new Psychopathic merch to ever feast your eyes on. Indeed there will be a plethora of merch only available at this year's GOTJ! Also find merch for every artist performing at the Gathering who has wares to sell, as well as other odds and ends from some very interesting non-affiliated vendors. The merch tent is open Wed-Sun from noon to 11pm.

ATMs

Near the Merchandise Tent you will find conveniently placed ATM machines to help accommodate any addictions spawned from your big balla lifestyle. Users are responsible for all transactions as there will be no refunds.

CONVENIENCE STORE

This 24 hour store located next to the Spazmatic Hangout has many items you may have forgotten in your haste to make your way down to The Gathering. You will find everything from condoms, disposable cameras, hygiene items, Tylenol, and flashlights to name a few.

FOOD COURT

This is the area to go for all your delectable delights to intrigue and satisfy your forbidden appetites. Here you will find everything from Faygo beverages, juicy moist hamburgers, thick throbbing beef hotdogs, naughty nut nachos, fried onion cock rings, to tasty dingleberry cake. Along with these mouthwatering delicacies you will also find a shaded chill area to rest your wayward feet before you set out yet again into the mouth of madness. This is open day or night.

WATER & COOL DOWN STATIONS

There are a total of three Cool-Down Stations on the grounds (marked on the map) in which you will be able to get fresh drinking water to fill your containers and to enjoy the cool mist of the sprayers for a refreshing escape from a hot day. It's also a nice place to view Juggalettes in perceived slow motion as the glistening water beads upon their exposed skin to store in your spank bank for later.

SHOWER TRAILERS

Located in two separate areas (marked on the map) you will find male and female portable shower trailers in which you can thoroughly wash your sweaty ass. These units are available 24-hours a day and we also encourage everyone to wash their own units as hard and fast as necessary to properly clean them. Just make sure to clean up your slippery palms afterwards.

LOVE TRAINS

From noon to dusk, get aboard one of these multiple makeshift buses with their roofs sawed off to quickly and efficiently get to all the main locations of the Gathering. The route and pickup locations are clearly marked on the map provided and they run from morning till around midnight. Why do we call these buses trains you ask? Well maybe it's for an entirely different reason... but we will leave that up to speculation.

MAIN STAGE

SPAZMATIC HANGOUT

Can you hear the music gently drifting on the wind along with the laughter of good companions sharing a cold drink underneath the cool shade? Well you soon will when you come to chill out at the Spazmatic Hangout, which is located near the Food Court. Think of it as the eye of the storm where you can breathe easy before you once again jump haphazardly back into the chaos of the fray.

MEDICAL TENT

Located near the main stage you will find this tent which is staffed 24-hours a day by trained paramedics to handle all your medical needs. Your health is mad important to us so feel free to stop through here for any reason, especially if you feel you may be experiencing heat exhaustion (signs and symptoms include: confusion, dizziness, heavy sweating, faintness, weakness, muscle cramps, and cool moist skin). There is also an ambulance here to transport anyone with a more serious condition to a nearby hospital with the quickness.

SECURITY

All throughout The Gathering grounds you will notice security guards posted up. Keep in mind that they are not the police and have no interest to give you the bone. They are here to make sure that ninjas are kept safe and that no one is acting in a dangerous or destructive manner. If you have a security problem feel free to address them because they are here to help you.

SHOWCASE PERFORMANCE

Unknown day and time

He comes to bathe in the ritualistic life blood of the crowd as they move in rhythmic union to his Hoodoo beat. His eyes are like black pools of death reflecting the deepest void of the abyss. His passage here is derived through contact with spirits of the dead who have empowered him to captivate the masses. Psychopathic's newest artist has already made waves in the Juggalo world with his new debut album "Crystal Skull," multiple music videos, and a certain sinister attraction that tends to pull one into his realm of dark magic. Now see his debut performance that will take place at some undisclosed point on the main stage.

WEDNESDAY (6:30PM-MIDNIGHT)

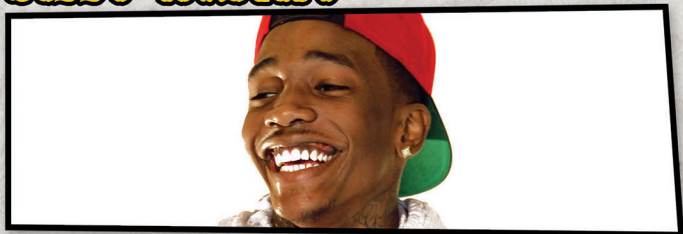

Main Stage Host:

KEVIN GILL (KG)

This suave super ninja is an icon in the wrestling world and has been a ring announcer for JCW as far back as when Abdullah the Butcher got his first fat roll. He has created the Backyard Wrestling video game series which featured ICP and the stars of JCW. We have seen him in the movie "Big Money Rustlas." We have seen him hosting the Main Event alongside Violent J on Psychopathic Radio. We have seen him commentating on many JCW DVDs and now he sets his sights for the big stage as he keeps things poppin' and lockin' for the Juggalos Wednesday night.

DIZZY WRIGHT

This smooth hip hop MC signed to Funk Volume records started rapping as a young child and has since perfected his technique to become one of the most skilled lyricists to ever grace a mic. He has been causing a big stir amongst Juggalos for some time and now he is here to kick things off in the best way possible. He is a hard-hitting, unforgiving and fearless underground artist who has brought some of the dopest bangers the world has ever known and it's a true honor to have him at this year's Gathering!

ZUG IZLAND

Psychopathic's own Detroit based rock band, whose music has been instrumental in many of our lives, has come to tear this motherfucker down! With their new album dropping at the GOTJ this year (Toxicology: Zug Izland's Dopest Bangers) they have gained hype around them that is quickly building into a perfect storm. As the hammers of lightning drop upon the thundering drums and the crackling electric cords of their guitars send jolts of energy into the masses you will not be able to help but throw your devils horns into the air and bob your fuckin' heads to their cyclone of destructive music.

LIL WYTE

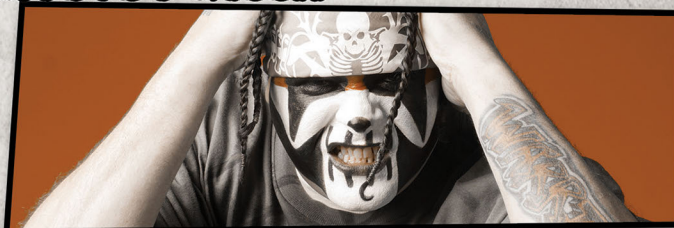

Big ups to this pimped out, high as fuck playa from Memphis. He has been doing it big in the rap game for years but always remains deeply embedded in the underground music scene. Some say his range of topics are offensive, obscene, controversial, and straight up cross the line... but Juggalos wouldn't have it any other way. Motherfuckers can't help but smoke a blunt as they listen to his rapid machine gun style delivery over sick-ass beats. He has toured with several Psychopathic artists over the years and now he is here to solidify his cocaine-paced legacy amongst our family.

BOONDOX

As the blood moon rises and the hot southern wind blows across the dried cornfields, a single sinister scarecrow hangs lifeless upon its broken perch. Suddenly its eyes take on a crimson hue as its head lifts up to survey the desolate landscape as sharp claws extend from withered hands. He is the southern evil that has returned once more to The Gathering to harvest his much needed souls. Those who dare witness his performance will be filled with a dread that will resonate to the very core of ones being. He is back... pure evil incarnate, to rock amongst the living once more!

ANYBODY KILLA

Also known as the Hatchet Warrior this Psychopathic Records Native American rapper needs no introduction. He floats on stage with the agility of the wind, possesses the strength of the bear, and is empowered through the spirits of his ancestors to move the crowd with his own unique blend of horrorcore music laced with super hype Juggalo anthems. A legend amongst legends, he is a force that could obliterate even the immovable object as he passes through. Now see him live and in effect as he gives one of the greatest performances of his life up on the grand stage. Soon the entire crowd will raise their voices in unison as he symbolically moves through them with pure hip hop mastery.

THURSDAY (6:30PM-MIDNIGHT)

Main Stage Hosts:

SUGAR SLAM, GREG "THE HAMMER" VALENTINE, AND VAMPIRO

This comical trio can be seen co-hosting the new Insane Clown Posse Theater TV show and now bring their offbeat humor to the main stage to tantalize and titillate the crowd in between the main stage performances. Greg "The Hammer" Valentine is a WWE hall of famer whose accomplishments are far too vast to cover here. Vampiro has been seen wrestling alongside ICP in the WWE and is now a legend there as well as in JCW. Sugar Slam, on the other hand, has graced us with her beauty throughout the years during many Psychopathic projects such as singing on ICP tracks, hosting her own radio show, being a member of the Purple Gang to starring in several Gathering infomercials and has even been parodied repeatedly on SNL!

RAHZEL

Nicknamed the "Godfather of Noyze" this master of the mic has the uncanny ability to rap while simultaneously beatboxing at the same time! In fact his beatboxing skills are so legendary that they are considered to be second to none and simply have to be heard to be believed. Straight from NYC, he now prepares to amaze us with his hard hitting rhymes and vocal percussion ability as he imitates drum beats, turntables, horns, strings, and many other instruments with his mouth. His abilities make him a true verbal assassin that if nothing else will leave you in awe.

IMAYDAY!

This energetic hype as fuck rock/rap band has been killin' it in so many ways that it is an honor to have them at this year's GOTJ. We ask that not one ninja miss their crazy live performance because they have one of the most high energy live shows on the planet and they came to build shit up into a cyclone of mayhem and then tear shit down with an implosion of sound that will leave your body in convulsions of pure flavor. When these motherfuckers hit the stage, just get ready to mosh to this metal rock rap mix of madness.

They are straight mobbing since they were little kids selling crack rock to their elementary school teachers to get their hustle on. They go to the grocery store... they stay strapped. They go to church... they stay strapped. They fuck a hoe... they stay strapped... cause that's what's up, so what you sayin'? So don't get yourself wrecked, homie, and peep this shit!

SEVENDUST

DOOOOOPPPPEE!!! Sevendust, muthafuckos!!! These badass rock gods are here to send a tidal wave of vibrational annihilation throughout the Gathering grounds! Prepare for your wigs to be shattered into a million pieces as you stand screaming against the onslaught of sound sent forth from their instrumental weapons of musical destruction. Then as you turn to run, your clothes will be shredded from your bodies as the very ground crumbles beneath your feet, swallowing you whole. Whatever else you do this year don't miss these masters of mayhem as they destroy everything in their path with an explosion of pure heavy metal freshness! SO DOPE!

TECH N9NE

This legend in the rap game is well known for his speed rap ability with a delivery like the rapid fire of the automatic pistol of his name sake. He has accomplished great things throughout his career and has worked with such artists as Lil Wayne, Busta Rhymes, Machine Gun Kelly, Snoop Dogg, and T Pain to name a few. He is just as respected in the underground music scene as he is in the hip hop music world. He cannot be denied a place among the rap greats and he has forged his own path to get there with incredible talent, tenacity, and an amazing business sense. He now comes before you to give you one of the greatest shows in rap... period!

So swallow your fear and come witness one of the most terrifying MC's to ever grace the stage, who is also one of the greatest MC's of all time... recognized by Juggalos the world over.

VANILLA ICE

What more can be said about this man's accomplishments? He has had more success in the music world than most people can only dream about in their wildest fantasies. In fact, he has been a success at everything he has ever set his mind to simply because he knows how to school the fuck out of life. Now he has submersed himself in his true calling by joining with Psychopathic Records and embracing the underground music scene. They are sure to leave a lasting impression deep into your mind and soul as they once again bring their terror-filled brand of wicked shit to Hatchet Landings!

SATURDAY (6:30PM-MIDNIGHT)

JUMPSTEADY

This pimp ninja has played a huge role in the creation of the very first GOTJ. He helped form and run Psychopathic Records since its inception. He has written many works revolved around the Dark Carnival legacy, released two rap albums, co-created Morton's List, co-created The Quest for Shangri-La board game, as well as to many other accomplishments too numerous to mention. Now he comes to host the main stage to represent for all Juggalos.

REHAB

This southern rock, country, hip hop band is all about motherfuckers getting blew back as they jam the fuck out on stage. These guys know how to party (maybe a little too much) and have come to The Gathering this year to bring that party to the stage. So get ready to get hype as their guitar riffs and drum beats open your mind to the wonders of the universe as you move to the jams of these talented ninjas whose music will inspire you to get live as fuck!

Now he brings you his high octane performance like a nitrous oxide boost that is sure to have the crowd moving in a frantic state. There are few who can sit idly by while this rapper brings the adrenalin fueled performance he always does.

SWOLLEN MEMBERS

They are to be feared, they are to be respected but above all they are to be given props for the level of entertainment that they always bring. Make sure you don't miss their performance which is one of the GOTJ highlights!

KOTTONMOUTH KINGS

These pimped out players from Orange County, California are some of the coolest ninjas on the planet. They have been interwoven in the Juggalo world for some time now and always show love to the fam. They describe themselves as psychedelic, hip hop punk rock and you will be high as fuck by just listening to their cannabis inspired rhymes. Soon the crowd will be brought to a musical frenzy of crowd jumping mayhem when their music is cast out with reckless abandon over hard spitting rap flows.

INSANE CLOWN POSSE

WRESTLING (WRESTLING STAGE)

KAIJU BIG BATTLE WRESTLING

Thursday Night (12:30AM-2:30AM)

This is something that has to be seen to be believed! Come witness bizarre looking monsters get in the ring to pummel each other in the middle of a miniature downtown city. That's right! Monsters! This flavor has been going down in the outer wrestling circuits for a while and has gain immense popularity amongst its hardcore followers. It now finds its way for the first time to this year's GOTJ. There is no way to do this justice with mere words; you just have to peep this out to even try to understand it. Sometimes its combatants even die in the ring and are never seen again! DOPE!

EXOTIC LADIES OF WRESTLING

Friday Night (12:30AM-2:30AM)

You know you want it... well, these voluptuous vixens have come to give it to you hard and fast in the only way they know how. Get ready for some bountiful bouncing action as you pump your fist up and down real fast as you watch these breathtaking beauties destroy one another in the ring. If you're lucky you might even see a wardrobe malfunction or two. Prepare yourself as the legs drop, hair is tossed, bones are cracked, and G-stringed asses are kicked. This is one event where the winner will always be you, as you sit back and enjoy the carnage.

JCW JUGGALO CHAMPIONSHIP WRESTLING

Saturday Night (12:30AM-2:30AM)

With DJ Clay and Commissioner Violent J This is definitely not for the faint of heart or anyone who gets queasy over the sight of blood. JCW is well known as the most ruthless, vulgar, hardcore, offensive, and psychotic wrestling to ever grace the ring. Legends have risen to stardom within its ranks, while would-be-hopefuls have fallen in a bloodied pulp of stapled flesh for the three-count. This has always been an action packed highlight of The Gathering each year with plenty of surprises in store. You never really know what to expect at a JCW show until it's too late.

BLOODYMANIA 7

Sunday (7:30PM-10:30PM)

Hosted by: Kevin Gill (KG) and Shaggy 2-Dope with DJ Clay and Commissioner Violent J

This is it! A Culmination of a year of feuds, death matches, and bloodshed to bring it all to this one pinnacle moment in time when all eyes are watching and everything is put on the line. It is Bloodymania once again, live and direct at this year's GOTJ where the concepts of human morality quickly become bent and then shattered into a million pieces. Some of the biggest and greatest names in wrestling will be here to wreak havoc on one another for your amusement. It is the final wrestling event at this year's GOTJ and it is sure to end with a huge BANG!

JCW TRY OUTS

Thursday – Sunday (1PM-3PM)

This event was so in demand last year that we had to bring it back again. Here is your chance to train in the ring with Vampiro and the Ring Rydas themselves! They will teach you everything from submission holds to highflying off the top rope moves. Then the top 32 worthy ninjas who show true potential (with talent, ring presence, and MC skills) will be chosen to compete in one of the battle royals taking place during JCW on Friday or Bloodymania on Sunday in front of a live crowd! The more JCW tryout sessions you attend the better your chances are. Who knows, show enough raw talent you may even find yourself as a future JCW star!

COMEDIANS (SEMINAR TENT)

JARED LOGAN

Wednesday Night (Midnight-1AM)

This funny ass NYC comic and avid D&D player is a well-known ninja who you will no doubt recognize from his many TV appearances. Perhaps he is most known for being a member of VH1's Best Week Ever show. He has also appeared in season 7 of Last Comic Standing, the John Oliver's New York Stand-up show; TJ Miller's Mash-up, Comedy Central's Live at Gotham and even has his own Comedy Central half hour special! He also regularly works as a warm up comedian for the Daily Show and The Colbert Report and was a feature comic on collegehumor.com. So don't miss his hilarious stand-up routine that is sure to leave you dying of laughter.

DANTE NERO

Thursday Night (Midnight-1AM)

This funny ass comic from Brooklyn NY has led a very interesting life. He has been trained in martial arts, fencing, modern dance, tap, and jazz. He has worked with emotionally disturbed kids, been a male stripper, night club bouncer, and even a street brawler! Then in 2001 he turned to comedy and has been sharing his insight, no doubt gleaned from his colorful past, with audiences ever since. He has appeared on many TV shows (including The Dave Chappelle Show and Fringe), movies, commercials, and music videos. His brash, offensive, no apologies style of comedy has caused more than a few raised eyebrows over the years but here at the GOTJ it's a perfect fit!

JIM NORTON

Friday Night (Midnight-1AM)

This successful NYC comedian recently appeared as a guest on the Insane Clown Posse Theater show and was so fuckin' funny we had to bring him in this year to do his stand-up routine. Besides being a comedian he is also a radio personality (currently on the Opie & Anthony Show), an actor (co-starring in the HBO sitcom Lucky Louie and has had cameos in Spider-Man, Zack and Miri Make a Porno, and Courting Condi) and is an author. He has had multiple HBO comedy specials; he was a regular on Comedy Central's Tough Crowd with Colin Quinn and appeared on The Comedy Central Roast of Bob Saget. He is also a regular guest on The Tonight Show with Jay Leno. This is one show that will leave you with tears of laughter.

CHARLIE MURPHY

Saturday Night (Midnight-1AM)

This famous comedian is perhaps most known for being a cast member of one of the most successful TV shows ever produced... Chappelle's Show. During which he appeared in such well-known skits as Charlie Murphy's True Hollywood Stories where he recounts his run-ins with various celebrities such as Rick James and Prince. He has also appeared in many different movie and television roles (too many to cover here) and is starring in a current TBS sitcom called Are We There Yet? He is well received in the Juggalo world and the last time he performed at The Gathering it ended up not only being one of the hottest draws that year but also one of the most talked about; even to this day!

LADIES OIL WRESTLING

Freakshow Stage **Friday & Saturday (3PM-4PM)**
What could be better than watching provocative, bikini clad oiled women sliding around on an inflatable surface as they pummel the shit out of each other? The super fine girls of SlickChix are back as they continue their search for the sexiest Chix in America tour with women straight from the pages of their national magazine. They will grind, rub, toss, claw, flash, and massage their opponents into submission as they give your optic sockets all that they desire. Cheer, shout or just stand quietly in the corner like a perverted old man as you watch these young hotties dive in!

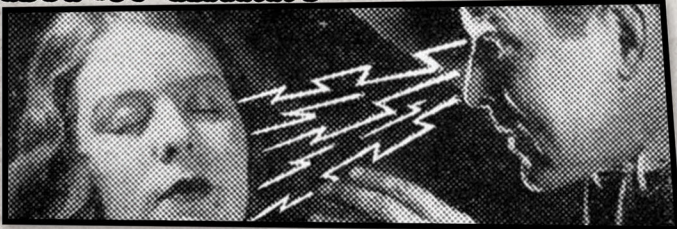

THE MAD MAGICIAN

Bomb House **Saturday (Noon-1PM)**
He will captivate you with marvels of magic that will seemingly rip the fabrics of reality until your left a quivering mass of lunacy. As you watch his spectacle of illusion you will begin to question the world as you know it. Birds will appear to shit on your head, blood will spray in your eyes as he saws people in half, someone will float in the air (and they may also shit on your head), and your very nut sack may vanish into thin air! Dangerous you say... indeed, but isn't everything worthy of your attention?

ODDITY FREAK SHOW

Freakshow Stage **Thursday & Friday (5PM-6PM)**
What Gathering would be complete without witnessing oddities of a dark human nature perform for your sick and twisted amusement? This show is not for those of a weak disposition as you will see tortures inflicted upon the body that will cause your stomach to churn and your skin to crawl. From self-mutilation, skin piercing, skin suspension, fire eating, immolation, body burns, and much more. You will have to see some of this to even believe it possible. Don't try any of what you see here at home... or anywhere else for that matter!

HYPNO HARRY

Bomb House **Sunday (2PM-3PM)**
If you even show up to this show we give it a 90% chance that a suggestion was somehow placed in your head to do so by this master hypnotist. During this show the marvels of the human mind will simply unravel as Hypno Harry puts all who volunteer into a deep trance to the amazement of the crowd. Then see them act as mental puppets to his every whim and fanciful desire. Do you question if this is real... do you even dare take the chance to find out? Who knows you may even find yourself into some deep hypnotic felching action if you volunteer yourself as a human guinea pig.

SIDESHOWS

BIG SILVA SHOW

Freakshow Stage **Saturday (1PM-2PM)**
Who doesn't love the silver gargantuan orb known as Big Silva? He started as a small ball of duct tape during one of the first ICP tours and has since evolved into the monstrosity of massive weightiness you now know. Pure duct tape... pure flavor... pure Big Silva! He will be chillin' at the info tent and we encourage all Juggalos who wish to add to his girth to apply as much duct tape as they wish (a few rolls will be on hand or bring your own). Then on Saturday you will lay witness to the destructive force of Big Silva as he is raised on high by a forklift to be dropped upon various objects to be destroyed... everything from a lit barbecue grill to a car! If you're into pure unbridled destruction then come on by!

THE "PEEP THIS SHIT" STAGE

By the Spazmatic Hangout **Thurs.-Sat. (Noon-Midnight)**
If you have a talent you want to share with our Juggalo family then here is your chance to be seen. Anyone who wants to can jump up on this small showcase stage with two microphones and do whatever the hell they want. There will be a sound guy running things to make sure your vocals are just right. So feel free to rap, tell jokes, play an instrument, dance, or just mime. Whatever skill you possess it's your chance to have your moment to shine.

JUGGALO NIGHT COURT

Seminar Tent **Wed.-Sat. Night (1:30PM-5AM)**
If you have any kind of discrepancy with one of your fellow Juggalos then this is the place to settle all disputes and squash all beefs (along with your dignity perhaps). Hosted by the wily musing of Judge High Bone, you both simply need to bring your problem before the court clerk at the Seminar Tent. Then she will give your appointed court time in which to return. Show up, then plead your case before the judge and then be tried by a Juggalo Jury (who consists of the entire crowd in attendance). The winner gets supreme bragging rights and a small prize... the loser on the other hand has to spin the dreadful Wheel of Bone to determine their fate (which is one of 13 random bones). Then the audience gets to sit back and enjoy whatever punishment they must endure. How delightful!

COSTUME CONTEST

Bomb House **Thursday (2PM-3PM)**

THE NEDEN GAME

Bomb House **Thursday & Sunday (4PM-5PM)**
Five lucky contestants will be chosen from the crowd to be pulled up on stage for a chance to win a date with a fine ass hottie or a debonair stud (each show has two rounds). This game show is performed fairly similar to the old school Dating Game except you may find the questions more explicit in nature. At no time will the dates get to see their would-be suitors so they will have to choose them purely off personality. The winner of each game will then go on a date from 8pm to midnight, with their dates also acting as their personal backstage escort.

Freakshow Stage **Saturday (5PM-6PM)**
This is the big one, ladies! Juggalettes the world over have dreamed of one day being crowned Juggalette Queen, and now is their chance. Who possesses the talent, wildness, beauty and who is the most down-to-ryde 'lette in the land? This pageant is composed of three key rounds; the first of which is Personality, where the contestants answer questions. The second round is Talent, where they display some kind of ability (dancing, juggling, poem reading, etc.). The third round is... wait for it...the Swimsuit competition! Judges will then tally the scores from all three rounds (taking crowd reaction into heavy consideration) to determine who among the contestants will become this year's JQ 2013! DARK CARNIVAL TAROT READINGS

In a Tent by the Carnival Rides

Wednesday - Saturday Night (Midnight-5AM)

Come hither into the folds of this mystic tent as dim candlelight flickers within, tempting you with its dark mystery. Its interior is alien to the senses, as occult like trinkets adorn the walls, fragrant incense smoke drifts upon the thick air, and a chill lingers within your soul. There sits madam J-Rach at an ancient wooden table, as you feel her steady gaze upon you that seems to pass through you, as she beckons you forward with her other worldly hand. You have come for one purpose--because the need to know has overpowered all logic. Do you really want the answers? You may get more then you bargained for, my friend.

AIRBRUSH FACE PAINTING

By the Jump Off

Wednesday-Saturday (2PM-10PM)

Some say paint makes anything better. Ask that to someone who is applying it across their windshield before they head out on the highway and this may not ring true. Ask that to someone that is looking at a pair of painted titties and it will seem as if truer words have never been spoken. Stop by here where a team of makeup artists will do you up right quick so you can represent your Juggalo pride in style.

HOG DADDY'S HELLFIRE

In Front of the Main Stage Wed.-Sat. Night (1AM-5AM)

When you hear the low maniacal laughter of Hog Daddy echoing deep into the night woods, you should run as fast as you can. When you see him strike his match and hold it before his hardened face as his sadistic eyes dance and glisten with glee, you will know the meaning of unbridled fear. For the time will be near at hand for him to once again ignite the fire of all fires, which will send forth a soaring wall of flame cascading high into the heavens which will be mistaken by space satellite pictures as a super volcano, causing disaster relief teams to scramble across the nation.

CARNIVAL RIDES

In Front of the Main Stage Wed.-Sat. (2:30PM-12:30AM)

Actual giant carnival rides set to spin and cause you to fly through the air at amazing speeds. What better way to watch the main stage show at night then from the high vantage point of the Ferris wheel? Vomit will fly, excitement will rise, and perverted carnies will try to peep up skirts... all in the name of good clean fun.

MOON BOUNCE

By the Merch Tent

Come on... you know you want to. You haven't tried it for years but every time you walk by one, your heart secretly aches to the carefree days of your childhood when it was acceptable to climb in and fly around inside of its inflatable embrace. Go ahead and do it. Let your inhibitions lie, for you will find it's just as much fun now as it was all those years ago (especially if you have a few stacked hotties to join you).

SWIMMING

Lake Hepatitis

Who wouldn't want to take a cool refreshing dip in a lake of questionable safety? I mean, some may see a used tampon floating in stagnant water, while others a little cloud boat gently floating along as the setting sun casts a rosy red glow upon its billowy surface. It's all how you choose to look at it. Is your glass half empty or is it half full of putrid infected water that could kill a small hippo? All joking aside, Lake Hepatitis is a safe swimming area for all to enjoy... cough cholera... cough... water snake ...cough.
