The FBI Views Juggalos as a Threat to National Security... No Joke!

I am a Juggalo and I am here to tell you that this is not true!

We Juggalos are simply those who enjoy the music of Insane Clown Posse and other affiliated bands. It is true that we feel a special bond to one another because we share a like-minded interest, but this is not unlike any other fan based group (such as those who like a particular sports team or other musical artist).

When the Federal Bureau of Investigation released its "2011 National Gang Threat Assessment" report on emerging criminal trends, it officially listed Juggalos as a gang alongside some of the most reputed and violent criminal street gangs in the United States, such as the Vice Lords, Latin Kings, Crips and Bloods (to name a few). This labeling is totally preposterous and simply an outrage to Juggalos everywhere. It has had a crippling negative impact on many aspects of our lives causing some of us to lose our jobs and in some circumstances, even our children.

Below are some key points I would like to express to you about Juggalos....

- * We are not a threat to society and have no interest to commit crimes or disrupt society in any way. In fact, much like you, we oppose those who would conduct such activities. Yes, it is true that there may be a few "bad seeds" amongst Juggalos, but can the same not be said for any large group of people?
- * Juggalos are hard-working, tax-paying, law-abiding members of society, whose jobs include lawyers, police officers, sales representatives and every other job you can imagine.
- * We might not look or act like mainstream America but please do not judge us as others have. We are much like everyone else in almost every other way. We have families, raise children, attend church, enjoy vacations, go to work and live our lives in the best way we know how.
- * We don't want our basic rights and freedoms violated and wish to be respected as is our right as an American citizen.
- * If you have any questions at all about the Juggalos... please ask. I would be honored to answer them.

In closing, we ask that you help us fight back against those who are trying to oppress us. Please go to www.juggalosfightback.com and sign the petition stating that you oppose the outlandish and unfair branding that has been given to us Juggalos. Thank you for taking time to learn about our just cause.
